Re: Jerome Jacobs

I first met Jerome in 2014 at a Rise Advisory Introductory Presentation. Jerome immediately stood out from the group with his knowledge and experience of the business community.

He has been my business mentor and coach since then and his advice and recommendations have played a major part in growing our company and the continued success of our business.

I have gained a great deal of knowledge from Jerome's expertise and am grateful for his extensive advice and encouragement to think things through and make sound business decisions.

I would highly recommend Jerome as a business mentor to any potential client.

Yours sincerely
